

June 19-20, 2002

A public discussion of systems, services, and sciences for senior mobility in 2002 and beyond.

Conference Goals

- ✧ To raise public awareness by providing information and tools for citizens to use in dealing with local and personal older driver concerns.
- ✧ To engage the various disciplines dealing with current and future issues in policy, planning, and practice so Iowa can sustain quality of life and safety for older drivers and those sharing the road with them.

**For more information contact
Mary Stalhut,
mary.stalhut@dot.ia.state.us**
